Business profile

Strong support is important for careers

Wynnum Family Day Care and Education Service supports educators to experience their career their way. Picture is supplied

ARE you an educator who is looking for a change and hoping to find a place where you are valued and can find your 'sense of belonging'?

Wynnum Family Day Care and Education Service could be what you're looking for.

It is a care and education service which operates from an educator's home and is supported by a coordination unit staffed by early childhood professionals.

Family Day Care educators work with children and families to create a stimulating, educational, challenging and enjoyable play and learning environment

The team at Wynnum Family Day Care pride themselves on building strong and

trusting relationships with educators and families.

Supporting educators to build their capacity to run their own business is the core of what they do.

They strive every day to 'walk the talk' by:

- Exclusive free access to their amazing LINK Program
- Exclusive access to 'Toolkit' for all service policies, forms and FDC specific resources
- Exclusive access to their free FDC Educator App to support your administrative and compliance requirements
- Exclusive access to free ECEC webinars and specific FDC training

videos

- Free access to Educate (program and documentation software)
- Free access to HubWorks (reporting attendances and invoicing)
- Providing a marketing strategy including client referral
- Regular face-to-face visits from your Coordination Unit Team
- They are here to help you succeed.

Wynnum Family Day Care welcomes expressions of interest from early childhood educators who are considering opening their own business or family day care educators wanting to change approved providers.
